

STAPLES Advantage

Eco-conscious.

A product assortment with sustainability in mind.

Every small change towards using products that help the environment make a difference. Together, Staples and the Caretakers of God's Creation ministry make it easy to choose products that are good for the planet and its people.

Staples Advantage, the business-to-business side of Staples, has partnered with the Caretakers of God's Creation ministry to bring you an easy way to purchase environmentally-preferred products.

We've worked with the Caretakers of God's Creation ministry to develop a list of products that meet very specific standards of being "green." **These products include cleaners, paper towels, bath and facial tissue, and napkins.** Through the program you'll also have access to other eco-friendly products such as office products, facility items, and furniture.

Learn more about the Caretakers of God's Creation Staples program and register for an account that provides discounted pricing at www.staplesadvantage.com/caretakers.
